✅ D.I.Y. GUIDE

Materials Checklist

A Panel Frame
Posts & Rails

B Panel Sheet

C Gate

D Gate Kit

illustration only
1 Site Plan & Ordering

- Decide on fence position and measurements of panels & posts by creating a mud map of your site.
- Following the above Materials Checklist, calculate how many of each component you require
- Contact any one of our stores to complete your order. Most items are available in stock

2 String Line & Post Holes

- Set Stringline along the desired line of the fence
- Measure out all holes, starting with the gate post holes
- Dig post holes along stringline 600mm deep x 250mm in diameter
- Posts will sit approximately 500mm into the post holes

3 Install Posts

- Ensure post centres are accurate - see below diagram
- Screw posts back to back, place them in post holes and concrete them in, ensuring they are level and flush along the stringline
- 50 x 50 steel posts should be used for gates and corners
- Channel posts can be screwed on to these corner/gate posts

4 In Fill Sheets

- Insert the bottom rail into the post channels and screw through each side of the post channel to secure it along the bottom level of your fenceline
- Place sheets into the channel posts and bottom rail ensuring they overlap evenly and lock in to place
- Place the top rail over the top of sheets and screw through each side of the channel post to secure

5 Install Gate(s)

- Gates assembly: See below diagram
- Attach hinge & latch components of the Gate Kit to **Gate** as per instructions
- Attach hinge & latch components of the Gate Kit to the 50 x 50 Steel **Gate Posts** as per instructions

2 x Channel Posts Screwed together back to back

Care Instructions & Warranty:

Exposure to UV Light, pollution, salt deposits and chemicals can affect the long term performance of the fencing coating if not removed with regular washing.

A gentle monthly clean with a soft brush, warm water and mild detergent followed by a rinse of fresh water will maintain the finish of both powdercoated, Colorbond and stainless steel fencing components and fulfill warranty conditions.

For Warranty details visit www.bluescopesteel.com.au/warranties.
